IS THERE A LIVING DINOSAUR

Natives of Rhodesia Recently Have
 Described What Seems to Be
 One of Them.

Somewhere in the north of Rho-
 desia (if statements of the natives are
 reliable), a mighty dinosaur lives,
 moves and has being, rivaling in his
 proportions and terrifying appearance
 anything that paleontologists have as
 yet brought to light.

South African zoologists, it seems,
 dismissed as beneath their notice the
 account of this reptile; but the definite
 statement made on the subject
 by the Bulawayo Chronicle corroborates
 Hagenbeck in a remarkable man-
 ner.

A representative of that journal has
 interrogated natives on the spot, and
 has shown them sketches of the dinos-
 aur, drawn from Hagenbeck's de-
 scription, which they affirm in a most
 positive manner is a very close repre-
 sentation of the creature they have
 seen disporting himself near a lake
 near the river Lunga.

Until this living dinosaur came
 above the zoological horizon it was a
 fairly well-established fact that the
 last of the race was gathered to his
 fathers not more recently than the
 year 400,000 B. C., and hitherto our
 only knowledge of the fascinating animal
 has been based on his fossilized
 remains.

Value of Economy.

No matter how economical a young
 man is, his endeavors to save are
 wasted if he has a careless wife. He
 might as well be doomed to spend his
 strength and life in an attempt to
 catch water in a sieve. The effort
 would be scarcely less certainly vain.
 Habits of economy, the way to turn
 everything in the household affairs
 to the best account—these are among
 the things which every mother should
 teach her daughters.

Wm. Hazlett, of Ft. Cobb, demo-
 cratic candidate for State Senator
 from this district was in the city
 Monday evening on his return from
 Chickasha, where he had been look-
 ing after his political interests. He
 informs us that he is meeting with
 much encouragement in his race, and
 judging from the many comments in
 the eastern papers, his candidacy is
 exciting a great deal of interest among
 his former associates, many of them
 in high positions in public life.

 Allcott will be candidate for County
 Treasurer, at the coming primary
 on the Republican ticket.

Cheap and Big Can Baking Powder is Only Big in Size - Not in Satisfaction - Not in Economy

A large can and a small cost does not make baking powder cheap—
 or even less expensive than Calumet—the high-quality, moderate-price
 kind. It certainly cannot make it as good. Don't judge baking powder in
 this way—the real test—the proof of raising power, of evenness, uniformity,
 wholesomeness and deliciousness will be found only in the baking.

CALUMET the Happy Medium
BAKING POWDER

Is a better baking powder than you have ever used be-
 fore. And we will leave it to your good judgment for
 proof. Buy a can today. Try it for any baking pur-
 pose. If the results are not better—if the baking is not
 lighter, more delicious, take it back and get your money.
 Calumet is medium in price—but great in satisfaction.
